#### APPENDIX TO THE PREFACE

#### GUIDELINES FOR PREPARATION OF TENDER DOCUMENTS

#### 1. GENERAL

- 1.1 Page 1 (The Heading of the Document), the Preface and the Appendix shall not be included in the Document to be issued to Tenderers. The Document to be issued to Tenderers shall start with the page titled "This Page, NAME, LOGO AND ADDRESS OF THE PROCURING ENTITY, NAME AND IDENTIFICATION OF TENDER", including all the other material on the page completed appropriately.
- 1.2 If in the course of preparing a Tender Document or evaluating a tender / tender following the criteria in the standard tender document, a Procuring Entity finds a provision the PE does not understand or agree with, the PE shall contact PPRA for clarifications before it changes anything, otherwise the PE will be considered as violating procurement rules.
- 1.3 The Procuring Entity should confirm that the goods to be procured is in the PE's approved Procurement Plan and budgeted for. The PE should also confirm the estimated cost of the contract(s), including the estimated time for executing the contract. The cost estimate helps the Procuring Entity determine the applicable procurement method to be used and the determination if the lowest evaluated cost is unrealistically too low or too high. Prior to finalizing the Tender Document, it is advisable for the Procuring Entity to recheck these estimates
- 1.4 The estimates must be prepared by an expert in the field of the subject contract i.e. by Engineers, IT Specialists, or Procurement Specialists, depending on the Goods to be procured. The Estimates should be based on current market prices or on data collected by the Procuring Entity based on past (but not historic) contracts.
- 1.5 The purpose of the estimates is to enable the Procuring Entity determine amounts of money to be inserted in the Tender Document for:
  - i) The Tender Security to be inserted in the Tender Document should be expressed in absolute value which should not be more than 2% of the tender as valued by the Procuring Entity. It is advisable that the larger the estimated contract value, the smaller the required percentage of the tender security.
  - ii) The minimum amount of money required for the tenderer to demonstrate that the tenderer has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means (independent of any contractual advance payment) sufficient to meet the contract execution cash flow requirements, net of the Tenderer's other commitments. Usually, the assets should be about 2-3 months' cash flow requirements based on the estimated completion time.
  - iii) The minimum amount of money required as an average annual turnover for the tenderer to demonstrate that the tenderer is a prime supplier or manufacturer. *Usually, the minimum amount of money isabout 2.5 times the estimated cost of the contract(s).*
  - *iv)* The amount of money required to determine specific experience of the tenderer based on the minimum size of contract(s) substantially completed and that are similar to the proposed contract. *Normally the minimum amount of money required is about 80% of the estimated cost of the contract.*

The Procuring Entity will complete the parts of the Criterion <u>only</u> as guided and allowed in this section. ## 37. Abnormally Low Tenders and Abnormally High

## **Tenders Abnormally Low Tenders**

- 37.1 An Abnormally Low Tender is one where the Tender price, in combination with other elements of the Tender, appears so low that it raises material concerns as to the capability of the Tenderer in regards to the Tenderer's ability to perform the Contract for the offered Tender Price or that genuine competition between Tenderers is compromised.
- 37.2 In the event of identification of a potentially Abnormally Low Tender, the Procuring Entity shall seek written clarifications from the Tenderer, including detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the Tender document.

## **Abnormally High Tenders**

- 37.4 An abnormally high tender price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Tenderers is compromised.
- 37.5 In case of an abnormally high tenders, the Procurement Entity should (a) review the specifications, and conditions of tender, or correctness of the estimate or (b) possibility of a collusion, formation of cartels, or other form of fraudulent and corrupt activity in the tendering processor (c) perception of the firms on the credibility of the Procuring Entity. Clarifications may include detailed price analyses to demonstrate the consistency of the tender prices with the scope of works, proposed methodology, schedule and any other requirements of the Tender document.
- 38.2 After the evaluation of the information and detailed price analyses presented by the Tenderer, the Procuring Entity may as appropriate:
  - a) Accept the Tender; or
  - b) Require that the total amount of the Performance Security be increased at the expense of the Tenderer to a level not exceeding a 30% of the Contract Price; or

The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Tenderer that submitted the Tender.
- 39.2 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event the Procuring Entity shall proceed to the Tenderer whooffers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer's qualifications to perform satisfactorily.

- b) Value of single Contract-Exchange rate prevailing on the date of the contract signature.
- c) Exchange rates shall be taken from the publicly available source identified in the ITT. Any error in determining the exchange rates in the Tender may be corrected by the Procuring Entity.

No other factors, methods or criteria shall be used other than specified in this tender document. The Tenderer shall provide all the information requested in the forms included in Section IV, Tendering Forms. The Procuring Entity should use **the Standard Tender Evaluation Report for Goods and Works** for evaluating Tenders.

#### **Evaluation and contract award Criteria**

The Procuring Entity shall use the criteria and methodologies listed in this Section to evaluate tenders and arrive at the Lowest Evaluated Tender. The tender that (i) meets the qualification criteria, (ii) has been determined to be substantially responsive to the Tender Documents, and (iii) is determined to have the Lowest Evaluated Tender price shall be selected for award of contract.

## 2. Preliminary examination for Determination of Responsiveness

The Procuring Entity will start by examining all tenders to ensure they meet in all respects the eligibility criteria and other requirements in the ITT, and that the tender is complete *in all* aspects in meeting the requirements of "Part 2–Procuring Entity's Services Requirements", including checking for tenders with unacceptable errors, abnormally low tenders, abnormally high tenders and tenders that are front loaded. The Standard Tender Evaluation Report for Goods and Works for evaluating Tenders provides clear guidelines on how to deal with review of these requirements. Tenders that do not pass the Preliminary Examination will be considered irresponsive and will not be considered further.

3.	<b>Tender Evaluation</b>	(ITT 34) Price	evaluation: in	addition to th	e criteria listed ir	n ITT 34.2 (a)–(d)

## 4. Multiple Contracts

Multiple contracts will be permitted in accordance with ITT 35.4. Tenderers are evaluated on basis of Lots and the lowest evaluated tenderer identified for each Lot. The Procuring Entity will select one Option of the two Options listed below for award of Contracts.

## **OPTION 1**

- i) If a tenderer wins only one Lot, the tenderer will be awarded a contract for that Lot, provided the tenderer meets the Eligibility and Qualification Criteria for that Lot.
- ii) If a tenderer wins more than one Lot, the tender will be awarded contracts for all won Lots, provided the tenderer meets the aggregate Eligibility and Qualification Criteria for all the Lots. The tenderer will be

awarded the combination of Lots for which the tenderer qualifies and the others will be considered for award to second lowest the tenderers.

#### **OPTION 2**

The Procuring Entity will consider all possible combinations of won Lots [contract(s)] and determine the combinations with the lowest evaluated price. Tenders will then be awarded to the Tenderer or Tenderers in the combinations provided the tenderer meets the aggregate Eligibility and Qualification Criteria for all the won Lots.

#### 5. Alternative Tenders (ITT 14)

An alternative if permitted under ITT 13.1, will be evaluated as follows:

## 6. Margin of Preference

If the TDS so specifies, the Procuring Entity will grant a margin of preference of fifteen percent (15%) to be loaded on evaluated prices of foreign tenderers, where the percentage of shareholding of Kenyan citizens is less than fifty-one percent (51%).

Contractors applying for such preference shall be asked to provide, as part of the data for qualification, such information, including details of ownership, as shall be required to determine whether, according to the classification established by the Procuring Entity, a particular contractor or group of contractors qualifies for a margin of preference.

After Tenders have been received and reviewed by the Procuring Entity, responsive Tenders shall be assessed to ascertain their percentage of shareholding of Kenyan citizens. Responsive tenders shall be classified into the following groups:

- i) *Group A:* tenders offered by Kenyan Contractors and other Tenderers where Kenyan citizens hold shares of over fifty one percent (51%).
- ii) *Group B*: tenders offered by foreign Contractors and other Tenderers where Kenyan citizens hold shares of less than fifty one percent (51%).

All evaluated tenders in each group shall, as a first evaluation step, be compared to determine the lowest tender, and the lowest evaluated tender in each group shall be further compared with each other. If, as a result of this comparison, a tender from Group A is the lowest, it shall be selected for the award. If a tender from Group B is the lowest, an amount equal to the percentage indicated in Item 3.1 of the respective tender price, including unconditional discounts and excluding provisional sums and the cost of day works, if any, shall be added to the evaluated price offered in each tender from Group B. All tenders shall then be compared using new prices with added prices to Group B and the lowest evaluated tender from Group A. If the tender from Group A is still the lowest tender, it shall be selected for award. If not, the lowest evaluated tender from Group B based on the first evaluation price shall be selected.

## 7. Post qualification and Contract award (ITT 38.1), more specifically,

### 2.33 Conversion to Single Currency,

Where other currencies are used, the Procuring Entity will convert those currencies to Kenya Shillings using the Central Bank of Kenya selling exchange rate on the date of tender opening for the financial proposal for the purpose of evaluation.

#### 2.34 Correction of Errors.

- **2.34.1** Bids determined to be substantially responsive shall be checked by the Procuring Entity for any arithmetic errors in the computations and summations. Errors will be corrected by the procurement entity as follows:
  - **a.** Where there is a discrepancy between the amount in figures and the amount in words, the amount in words will govern.
  - **b.** Where there is discrepancy between the unit rate and the line item total resulting from Multiplying; the unit rate by the quantity, the unit rate as quoted will prevail,

unless in the opinion of the Procuring Entity, there is an obvious typographical error, in which case adjustment will be made to the entry containing that error.

**c.** The amount stated in the proposal will be adjusted in accordance with the above procedure for the correction of errors and, with concurrence of the bidder, shall be considered as binding upon the bidder. If the bidder does not accept the corrected amount, the bid shall be rejected and the bid Security may be forfeited in accordance with clause 2.16.8.

### 2.35 Evaluation and Comparison of the Financial Proposals.

- **2.35.1** The Procuring Entity will evaluate only bids determined to be substantially responsive to the requirements of the proposal documents in accordance with clauses 2.28.
- **2.35.2** The Procuring entity's evaluation of a financial proposal will take into account the following factors;
  - **a.** Comprehensive scope of work.
  - **b.** Project schedule detailed in the proposal
  - c. The proposed fee as one off mobilization fee and commission (as a percentage of the incremental revenue collected) OR AS MAY BE AGREED BY THE TWO PARTIES

The Procuring entity requires that the system under the Tender shall be deployed at the time specified in the Schedule of Requirements. Proposals offering deliveries longer than the procuring entity's required delivery time will be treated as non-responsive and rejected.

2.35.3 The formulae for determining the Financial Score (S<sub>f</sub>) shall be as follows:-

$$S_f = 100 \ x \ F_m \ / \mathrm{F}$$

Where  $S_f$  is the financial score;

 $F_{m}$  is the lowest priced financial proposal and

 ${f F}$  is the price of the proposal under consideration.

Proposals will be ranked according to their combined technical  $(S_t)$  and financial scores  $(S_f)$  using the weights (T=the weight given to the Technical Proposal: P=the weight given to the Financial Proposal; T+P=1) indicated in the Appendix A the combined technical and financial score, S, is calculated as follows: -

$$S = S_t \times T\% + S_f \times P\%$$

The bidder achieving the highest combined technical and financial score will be invited for negotiations after due diligence has been undertaken on the same bidder.

### 2.36 Contacting the Procuring Entity.

- **2.36.1** From the time the proposals are opened to the time the contract is awarded the bidders should not contact the procuring entity on any matter related to its Technical and/or Financial Proposal.
- **2.36.2** Any effort by the bidders to influence the Procuring Entity in the examination, evaluation and ranking of proposals and recommendations for award of contract may result in the rejection of the bidder's proposal.

### 2.37 Due Diligence.

- **2.37.1** The procuring entity shall undertake due diligence on the successful bidder prior to negotiations leading to entering into contract.
- **2.37.2** The purpose of the due diligence will be to ascertain the bidder's capability to undertake the project in accordance to the requirements of the proposal documents.
- **2.37.3** An affirmative determination in due diligence will be a pre-requisite for invitation to negotiations with the successful bidder leading into contract between the procuring entity and the successful bidder.
- **2.37.4** A negative due diligence determination will result in rejection of the bidder's proposal, in which event the procuring entity will proceed to the next highest technically and financially responsive bidder to make a similar due diligence determination of that bidder's capabilities to perform satisfactorily.

### 2.38 Negotiations.

- **2.38.1** Negotiations will be held done by a Negotiation Team headed by the Accounting Office Department of Finance. The aim is to reach agreement on all points and sign a contract.
- 2.38.2 Having selected the bidder on the basis of the technical and financial evaluation criteria and due diligence the procuring entity expects to negotiate a contract. Before contract negotiations, the Procuring entity will require assurances that the technical experts will be actually available. The Procuring entity will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the project. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the bidder may be disqualified.
- **2.38.3** Negotiations will include a discussion of the Technical Proposal, Financial proposal, the proposed methodology (work plan), staffing and any suggestions made by the firm to improve the implementation of the project. The agreed work plan and final technical specifications will then be incorporated in the "Description of Services" and form part of the Contract.
- **2.38.4** The negotiations will conclude with a review of the draft form of the Contract. To complete negotiations the Procuring entity and the selected firm will initial the agreed Contract. If negotiations fail, the Procuring entity will invite the firm whose proposal received the second highest score to negotiate a contract.

#### iv) APPENDIX 1-FRAUD AND CORRUPTION

(Appendix 1 shall not be modified)

### 1. Purpose

The Government of Kenya's Anti-Corruption and Economic Crime laws and their sanction's policies and procedures, Public Procurement and Asset Disposal Act (no. 33 of 2015) and its Regulation, and any other Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

### 2. Requirements

The Government of Kenya requires that all parties including Procuring Entities, Tenderers, (applicants/proposers), Consultants, Contractors and Suppliers; any Sub-contractors, Sub-consultants, Service providers or Suppliers; any Agents (whether declared or not); and any of their Personnel, involved and engaged in procurement under Kenya's Laws and Regulation, observe the highest standard of ethics during the procurement process, selection and contract execution of all contracts, and refrain from Fraud and Corruption and fully comply with Kenya's laws and Regulations as per paragraphs 1.1 above.

Kenya's public procurement and asset disposal act (*no. 33 of 2015*) under Section 66 describes rules to be followed and actions to be taken in dealing with Corrupt, Coercive, Obstructive, Collusive or Fraudulent practices, and Conflicts of Interest in procurement including consequences for offences committed. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

- 1) A person to whom this Act applies shall not be involved in any corrupt, coercive, obstructive, collusive or fraudulent practice; or conflicts of interest in any procurement or asset disposal proceeding;
- 2) A person referred to under subsection (1) who contravenes the provisions of that sub-section commits an offence;
- 3) Without limiting the generality of the subsection (1) and (2), the person shall be:
  - a) disqualified from entering into a contract for a procurement or asset disposal proceeding; or
  - b) if a contract has already been entered into with the person, the contract shall be voidable;
- 4) The voiding of a contract by the procuring entity under subsection (7) does not limit any legal remedy the procuring entity may have;
- 5) An employee or agent of the procuring entity or a member of the Board or committee of the procuring entity who has a conflict of interest with respect to a procurement:
  - a) Shall not take part in the procurement proceedings;
  - b) Shall not, after a procurement contract has been entered into, take part in any decision relating to the procurement or contract; and
  - c) shall not be a subcontractor for the tenderer to whom was awarded contract, or a member of the group of tenderers to whom the contract was awarded, but the subcontract or appointed shall meet all the requirements of this Act.
- 6) An employee, agent or member described in subsection (1) who refrains from doing anything prohibited under that subsection, but for that subsection, would have been within his or her duties shall disclose the conflict of interest to the procuring entity;
- 7) If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5) (a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the awarding officer. Etc.

In compliance with Kenya's laws, regulations and policies mentioned above, the Procuring Entity:

- a) Defines broadly, for the purposes of the above provisions, the terms set forth below as follows:
  - i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

- ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
- iii) "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- iv) "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
- v) "obstructive practice" is:
  - deliberately destroying, falsifying, altering, or concealing of evidence material to the
    investigation or making false statements to investigators in order to materially impede
    investigation by Public Procurement Regulatory Authority (PPRA) or any other appropriate
    authority appointed by Government of Kenya into allegations of a corrupt, fraudulent,
    coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to
    prevent it from disclosing its knowledge of matters relevant to the investigation or from
    pursuing the investigation; or
  - acts intended to materially impede the exercise of the PPRA's or the appointed authority's inspection and audit rights provided for under paragraph 2.3 e. below.
- (b) Defines more specifically, in accordance with the above procurement Act provisions set forth for fraudulent and collusive practices as follows:
  - "fraudulent practice" includes a misrepresentation of fact in order to influence a procurement or disposal process or the exercise of a contract to the detriment of the procuring entity or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive the procuring entity of the benefits of free and open competition.
- c) Rejects a proposal for award¹ of a contract if PPRA determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
- d) Pursuant to the Kenya's above stated Acts and Regulations, may sanction or debar or recommend to appropriate authority(ies) for sanctioning and debarment of a firm or individual, as applicable under the Acts and Regulations;
- e) Requires that a clause be included in Tender documents and Request for Proposal documents requiring (i) Tenderers (applicants/proposers), Consultants, Contractors, and Suppliers, and their Sub-contractors, Sub-consultants, Service providers, Suppliers, Agents personnel, permit the PPRA or any other appropriate authority appointed by Government of Kenya to inspect<sup>2</sup> all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the PPRA or any other appropriate authority appointed by Government of Kenya; and
- f) Pursuant to Section 62 of the above Act, requires Applicants/Tenderers to submit along with their Applications/Tenders/Proposals a "Self-Declaration Form" as included in the procurement document declaring that they and all parties involved in the procurement process and contract execution have not engaged/will not engage in any corrupt or fraudulent practices.

For the avoidance of doubt, a party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification, expressing interest in A consultancy, and tendering, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

<sup>&</sup>lt;sup>2</sup>Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Investigating Authority or persons appointed by the Procuring Entity to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies there of as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification ofinformation.
